

Dr Rawad Bassil got his medical degree from University of Balamand in 2011. He completed his residency training in Obstetrics and Gynecology at Saint Georges Hospital University Medical Center affiliated with UOB in 2015.

He then pursued a clinical fellowship in Reproductive Endocrinology and Infertility at Trio Fertility Center, affiliated with Mount Sinai Hospital and University of Toronto in Canada. His fellowship was supervised by Professor Robert Casper with whom he worked on several research projects and had many publications.

He graduated his 2 year program in July 2018 and moved back to Lebanon to start his practice.
